

# :Memories & Experience In Leadership School: I

Hi! This is V.S. Rajkumar. Friends call me Raj.

I was the topper in my school up to 10th class pre-finals. Unfortunately I got very less marks in public examinations. X class.

Fortunately, I got seat in Vrushamani Foundation. I faced my first interview because of this foundation.

I had alot of experience giving seminars in my school days. That's why I didn't feel any hesitation and fear on facing interviews. I had a great confidence that I am going to select this foundation.

It's come true on 15th May<sup>2008</sup>. I came to Hyderabad on 17th May 2008 to join this foundation.

In the beginning I felt very shy, because I was the student who secured least marks. That's why I <sup>desire to</sup> want to prove myself here.

Foundation selected top 15 members. I am proud to say that I am the one in those intelligent guys.

Naveen, Aditya, Pullaiah, Soinu, Venky, Krishna, Venkat Rao, Bharath, Chandu, Narendar, Balaji, Kumar, ....

This is my new family.

I thought that the people around me <sup>II</sup> have the same opinions and taste because all of us came from A.P.R. school.

With in one week, I understood that we have different opinions and tastes. That's why I turned myself to survive happily in this foundation.

I selected I.I.T. Narayana branch for my education. First year I used to be quiet in our college. Except our friends batch, no body knew my name.

Day by day I proved myself in the foundation. I hope that I led the debate programme "Brain storm" successfully.

Up to IV class I studied in English medium. I am ~~easy~~ <sup>Cozy</sup> about cricket. While watching cricket I concentrate on commentary also. It's helps me a lot to develop & improve my communication skills especially in English.

At the end of the year, bad luck again knocked my door. I got 410 marks in I year. This time my ~~rank~~ rank is 10 in foundation. But I ~~was~~ was not dissapointed. Because I trust our sis's words i.e, "Marks are not important. Knowledge is important."

I prepared well for Improvements and I <sup>1st</sup> got 95.5%. This time I got III rank. Not bad.

English was taught by Uma madam to us.

Along with me every one improved alot in the foundation.

In the second year I got 95% in I.P.E. This time I got II rank.

At the beginning I was in ~~10~~<sup>15</sup><sup>th</sup> position.  
Now I am in 2nd position.

## MY ATTITUDE AFTER COMING TO

### THE FOUNDATION:

- From my childhood I have friendly nature. But afterwards it decreases.
- Jagan Mohan Rao garu influenced me alot.
- In 60+ age, he is strong, healthy and having a great commanding power. I won't be like that in that age.
- Chak sir, founder of this foundation, has a great attitude. I learnt humbleness, self-respect, decent behaviour and respecting others by him.
- Sisish sir, is the man who thinks in possitive manner. He like to argue with us in a great

manner. I like to argue with sis in good manner.<sup>10</sup>  
He think logically and talk sensitively.

→ Uma madam, who gave spoken english teaching to us.  
she has friendly nature.

→ Vijaya madam, I hope that because of madam's  
encouragement and foresight their children are in  
great positions.

→ Usha, daughter of Jagan sis, respect others and behave  
like a true Indian girl.

→ Ravi sis, one of our mentors, taking care of children  
and <sup>having</sup> friendly attitude.

→ Chandu, my college friend, he is ~~of~~ dare to say  
anything he believe. I like his frankness.

→ From my friends, in the foundation I learnt  
to be social, kindness, leadership qualities,  
taking care of friends, behave according to the  
situation, ...

→ I learnt to operate system and also operate  
my team.

→ I became brave now, to do anything.

→ Teju, my classmate. she looks always with smiling  
face, has a great service moto, respecting her parents  
and friendly nature.

→ I learnt those things from her.

V

With in one month, I am going to leave this foundation.

I really thankful to the comitte who selected me as a student to this foundation, a Jagan Mr. & Mrs. Jagan garu, who take care of us, check sir who gave me a great oppurstunity to study like this.

I developed my communication skills, kindness, talent, how to behave in society. I got some good friends in Hyderabad whom I don't want to leave. miss.

I swear that I will be useful to the society. And I won't be an ordinary man like millions, I will be a good person like thousands. I won't forgot this school, the people belongs to the foundation.

With sincere heart,  
your student,

V.S. RAJKUMAR.
